

Rowton Support WhatsApp Group

The Rowton Support WhatsApp Group was formed in March 2020 by local resident Andrea Wright in response to the pandemic as a way for Rowton residents to keep in touch and support each other where possible.

The Group is now aiming to extend what they do to become a way for neighbours to watch out for each other by instantly sharing concerns and information about issues like suspicious activity in the area, anti-social behaviour etc.

This is in response to some residents who have suggested forming a Neighbourhood Watch group, however, under the current conditions this would be difficult due to the formal requirements of a Neighbourhood Watch Group. So the expansion of the Rowton Support WhatsApp Group to cover some of these functions has been suggested as a way forward.

If you are interested in joining the WhatsApp Group please contact the Parish Clerk by emailing rowtonclerk@hotmail.co.uk or telephoning 01244 335996 who will pass your details on to Andrea.
